

# Classic Custom

The Classic Custom is known as our flagship firearm, and has all the bells and whistles. It includes those extra enhancements that you don't really need, but really want! The unique slide treatment sets it apart from any other pistol. The sides of the slide are painstakingly brought to a gleaming high polish finish, by hand, to contrast and enhance the glass bead finished frame. This gorgeous high polish finish really makes the Classic Custom stand out! The top of the slide features a custom rib for a no glare runway effect that naturally guides your eye to the gold bead front sight, and is finished out with 50 LPI serrations on the back to match the adjustable rear sight, and eliminate distracting light reflection. The frame is elegantly finished with our unique Skip-Line checkering. We think you'll agree the Classic Custom represents the ultimate in quality firearm craftsmanship at its finest!
