

FX2

Introducing the FX2, a cutting-edge 1911 featuring Trijicon's new RMRcc, making it ideal for concealed carry. The FX1 slide cuts package and American flag rear serrations create an impressive display of ingenuity and craftsmanship. The Commander Bobtail® frame is adorned with our Snakeskin treatment on the frontstrap and mainspring housing, and finished in Industrial stainless for an edgy look. Complete with a flush barrel with recessed crown, black accents on the trigger and barrel bushing that tie nicely with the black G10 grips. All hand built with fully machined parts, completely customizable and backed by our Lifetime Warranty.
