

TEXAS EDITION

The Texas Edition 1911, available exclusively from Hill Country Wholesale, is a tribute to the rich history Texas has. This all stainless model, features the unique and highly durable Chainlink III pattern for a secure grip, even in severe applications. A special serial number beginning with the prefix "TX" denotes this limited edition. Traditional, square cut rear cocking serrations beautifully frame the engraving on each side of the slide; the outline of the Alamo with the year of its independence from Mexico on the left, and the outline of Texas on the right with the year of its union. The Gonzales flag and the Texas flag adorn each side of the magazine. Fixed night sights finish off the package.
